

MALE CIRCUMCISION

Imagine a circumcision procedure with:

- NO bleeding
- NO sutures
- NO ligatures
- NO bandages
- NO open wound
- NO theater requirements
- NO bathing restrictions

Has the following key benefits/advantages:

- Takes less than 10 minutes to complete
- Patient returns to work the same or next day]
- Cost and time benefits to the doctor, the patient, the employer and the Medical Aid
- Is ideally suited for MASS circumcisions
- Prevents mutilations and accidental amputations of the glans

Testimonials:

This is what Doctors are saying about the TaraKlamp Circumcision clamp:

- "Quick healing, great reduction in time, reduction in pain. Extremely good product with great potential." Doctor in Randbury
- "Quicker (10 minutes). No sutures and no bandages. Wonderful device, reduces incidents of bleeders, reduces time for procedure and reduces incidents of infections." Doctor in Welkom (who does 4 circhums before he starts his normal day at 09:00am).
- "Time saving. No bleeding. No suturing. Amazing device." Doctor in Trompsburg.
- "Shorter healing time. Appealing to the patient. Very good innovation." Doctor in Chloorkop.

The Tara KLamp

Disposable Circumcision Device

THE WORLD'S FIRST EVER DEVICE FOR NON-INVASIVE MALE CIRCUMCISIONS

Tara Klamp has been listed by the Collaborating Center of the World Health Organization (WHO) and that it has been given a code as follows:

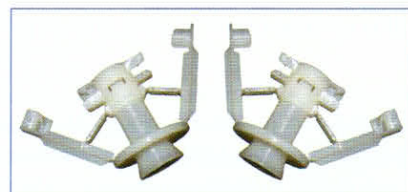

UMDNS information: Clamps Circumcision [10-869]

NO OTHER CIRCUMCISION DEVICE HAS BEEN LISTED IN THE DATABASE. ADVANTAGES OF THE DISPOSABLE CIRCUMCISION DEVICE

- A device that is profoundly so simple to use
- A device that does not use toxic, chemical or electrical means
- A device that allows circumcisions to be performed anywhere whether in the bush, in huts or in the open with the barest minimum availability of sterile facilities, without fear of mutilations or deaths
- A device that enables the practice of centuries old cultures and traditions to be steadfastly maintained and continued, albeit in a modern way
- A device that even saves money to the individual as well as the health service providers

is now available, in Southern Africa.

- Tara KLamp has been certified to conform to Islamic religious circumcision by the Prime Minister's Department in Malaysia.

"Training and full instructions (including a DVD of the procedure) will be provided for Doctors who become TaraKLamp users."
